GENERAL COLLECTION

75c each; \$7.50 dozen

America. Large, rose-pink, fine shaped flowers, sweetly scented, carried on long stems. Deep glossy green foliage; almost thornless.

American Legion H. T. Bud well shaped, globular; flower large, full, lasting, cerise-red throughout, fragrant.

Betty Uprichard. A charming new semi-double rose with copper-red buds, opening to bi-colored flowers, soft salmon pink on inner surface of the petals and glowing orange-carmine on the outside, borne on long stems. Tall and erect grower.

Columbia. Colored a true pink, deepening as it opens to a glowing pink. Single buds on long stems, splendid for cutting.

Constance. A free flowering variety producing beautiful long orange-yellow buds of perfect form; these are more or less streaked with crimson; as the flowers fully develop they open to a full globular flower of golden yellow.

Duchess of Wellington. Intense saffron yellow stained with rich crimson which, as the flower develops, becomes deep coppery saffron yellow. Delightfully fragrant.

Eldorado. Large golden yellow flowers tinted red at the base of the petals. Free flowering and very fragrant.

=====

Etoile de Feu. Large cupped flowers of flaming orange, quite solid and full. Glistening foliage, low grower.

Etoile Luisant (Baby Herriott). A beautiful baby rose with miniature buds of the same shape and form as Cecil Brunner, but the color is rich coppery orange.

Gen. McArthur. The buds and open flowers are of the brightest crimson, retaining their color until they drop their petals. Blooms continuously and profusely. Flowers large and fragrant.

Golden Emblem. Deep rich golden yellow, the buds being beautifully stained with carmine on the outside of the petals. The buds are well shaped, opening up very full. Strong and upright grower.

Hadley. Color a deep, brilliant, velvety crimson which it retains all the year round. Flowers are borne on stiff upright stems.

Hoosier Beauty. Color a glowing crimson, scarlet with darker shadings. Deliciously fragrant. Buds long and pointed.

Hortulanus Budde. Dark glowing red, long tight buds, opening to a semi-double flower with golden stamens in the center. Strong grower and free bloomer.

Imperial Potentate. Dark shining rose-pink in color, very double with firm, heavy petals. Quite fragrant.

Independence Day. Bright apricot buds, opening into sweetly scented flowers of a somewhat lighter shade, on strong upright stems. Leathery, glossy foliage.

Innocence. A beautiful single rose, with long tapering pearly white buds opening to large single pure white blooms, with wine red stamens. Free flowering.

Irish Elegance. Single rose, color bronze-orange and scarlet, shaded to apricot. Unsurpassed for cut flowers.

Irish Fireflame. Single old gold flamed with crimson, long stemmed fine buds.

Isobel. Single long pointed buds. Flame red.

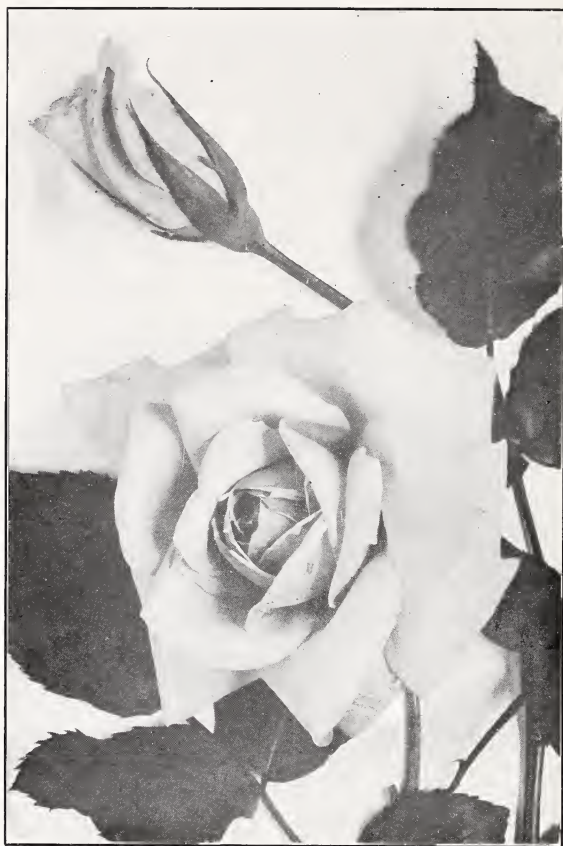

Kaiserin Augusta Victoria. White faintly suffused lemon yellow. Flowers are large, very full and beautifully formed, with reflexed outer petals. Bush is vigorous and healthy.

K. of K. (Kitchener of Khartoum). A dazzling, semi-single rose of intensest scarlet. Its huge petals are velvet sheened, solid scarlet throughout.

Lady Hillingdon. Has long slender pointed bud, of brilliant deep golden yellow. Blooms continuously.

Lady Inchiquin. Large full perfectly formed buds and flowers of glowing orange cerise. Very striking.

Laurent Carle. Brilliant velvet carmine, good size, perfectly formed, good stems and opens freely.

Mad. Edouard Herriott

Leslie Pidgeon. A semi-double flower, orange buff heavily flushed and suffused with terra cotta shading lighter in hot weather.

L. C. Breslau. Entirely distinct from all other roses in color; the buds are coral-red shaded with chrome-yellow, while the expanded flowers, which are very large, are of a superb shrimp-pink, shaded coppery-orange and chrome-yellow.

Lord Charlemont. Fragrant, beautifully formed high centered crimson flowers. Stems are stout and plant is free in growth and bloom.

Los Angeles. Color a glorious flame-pink, shaded golden yellow. The bud is long and full; plant is strong, vigorous grower. Superb for cutting.

Mabel Morse. Clear brilliant unfading yellow without a trace of any other color. Low spreading bushy growth. Resistant to disease.

Mad. Edouard Herriott or Daily Mail. Produces a profusion of exquisitely formed and sweetly scented buds of reddish copper and coral tints. One of the most sensational colorings ever combined in one rose.

=====
Mad. Collette Martinet. Yellow, shading to orange. Long pointed buds.

Miss Cynthia Forde. Deep brilliant rose-pink in color, the blooms being large, full and sweetly perfumed. Strong grower and free bloomer.

Modesty. Pearly cream, flushed rose. Long, large, perfectly formed buds. Free flowering.

Mrs. Aaron Ward. Deep golden orange color, shading out to lemon or creamy yellow at the end of the petals. The buds are cupped and very deep, showing the glowing heart to the best advantage; flowers full and exquisitely formed.

Mrs. Chas. Russell. Color rich, rosy carmine. Flower well formed and outer petals very delicately veined. Good stems and heavy foliage.

Mrs. S. K. Rindge. The flowers are a magnificent deep golden yellow without any tints of copper. As the petals age they become suffused with soft pink and create a rather curious effect.

Mrs. W. C. Egan. Extremely vigorous, healthy grower. Long stiff stems with large, well pointed buds. Color two-toned pink, shading to yellow at base of petals.

Ophelia. Color a pleasing, delicate tint of salmon flesh, shaded with rose. Flowers of perfect form and large size. A very free bloomer.

Padre. Most novel and attractive in coloring, with long petals of a coppery-scarlet, flushed with yellow at the base, produced on long shoots. Strong and upright grower, free flowering.

Paul Neyron. The largest rose in cultivation; a handsome upright grower, producing an immense flower at the end of every long, stiff stem; color a deep rose; a free bloomer.

Pink Pearl. Flowers are large and high centered, quite double, bright rose pink, shading to yellowish at the base of the petals.

Radiance. A lovely light silvery pink with suffusion of a deeper color. Exceedingly vigorous, hardy and disease resistant.

Red Radiance. Big, cerise-red flowers borne on long heavy stems. Similar in growth to Pink Radiance.

Rose Marie. A perfectly formed flower, dark rose-pink with beautifully veined petals. Free bloomer with long stems. Does not mildew. An ideal pink garden rose.

Shot Silk. Delicate salmon rose, flowers are often flushed with orange and cerise while the base of the petal is yellow. Clear green foliage. Quite fragrant.

Souv. de Claudius Pernet. A definite and lovely sunflower-yellow, deepening in the center. The plants are of branching habit, with brilliant green foliage and few thorns, and the buds are produced on long, stiff stems.

=====

Souv. de Georges Pernet. Flowers beautiful orient-red shading to cochineal carmine at the margin of the petal, the whole being suffused with a golden sheen. Strong, vigorous grower.

Sunburst. Intense shades of golden orange and yellow. Buds large and well formed, produced on long stems.

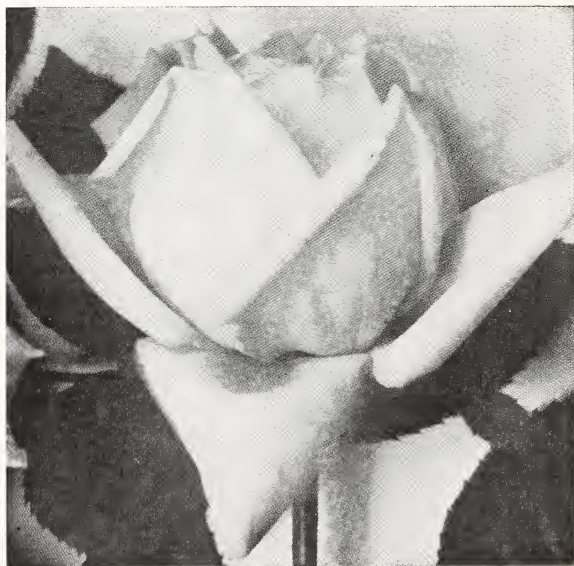

Sunstar. Deep orange and yellow, edged, veined and splashed crimson and vermillion. Semi-double, grows vigorously and blooms freely. Very fragrant.

The Queen Alexandra. Intense vermillion red shaded old gold. Deep glossy green foliage, perpetual bloomer. Flowers are rather rough, but large and full and a startling color combination.

Ulrich Brunner. Flowers of cherry-crimson borne on long stems. Fragrant. Blooms in spring.

Vesuvius. Bright scarlet crimson with a golden center. Sweetly fragrant and flowers last for several days when cut. The best dark colored single rose.

Wm. F. Dreer. Similar to the Los Angeles rose in shape, color a delicate silvery shell-pink. The base of the petals are of a rich golden-yellow, which, at certain stages of development gives a golden suffusion to the entire flower.

Golden Salmon. A baby rose of rich golden orange. A brilliant, little flower that is admired by all. It is a strong vigorous grower, very free flowering and never out of bloom. Each \$1.00.

Irish Hope. A quite distinctly different red rose with its rich rosy carmine blooms. Well formed buds and large broad petaled blooms. Each \$1.00.

Irish Sweetness. A very free blooming rose, the color being crimson lake suffused scarlet. Buds of moderate length and flowers large. Each \$1.00.

J. Otto Thilow. A rose very similar to the well known Rose Marie but darker in color. Excellent bloomer, pointed buds and large full flowers that do not fade. Each \$1.00.

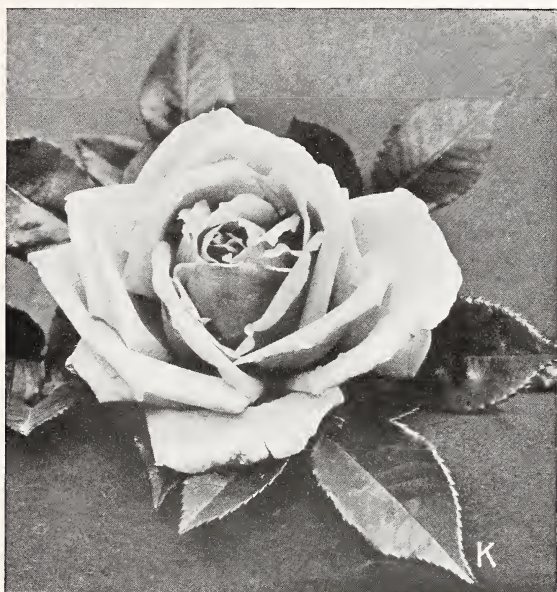

Lady Florence Stronge. Ideally formed buds of sparkling light pink, shading to violet old rose, in a beautiful color combination, borne on long stiff stems. Free grower. Each \$1.00.

Mad. Jules Bouche. A strong growing variety with excellent buds and flowers of white with blush tints. Each \$1.00.

Margret McGredy. A magnificent rose of startling color, being a glorious shade of brilliant orange scarlet. Large quite double flowers. Was awarded the Gold Medal of the National Rose Society. Each \$1.00.

Marion Cran. The buds of this rose are deep but-tercup yellow, margined and flushed cerise and rosy scarlet. As the flowers open the inner side of the petals show geranium scarlet veined orange and yellow. Good bloomer of bushy but free and upright growth. Each \$1.50.

Miss Rowena Thom. A cross between Radiance and Los Angeles that combines the good qualities of both. Long pointed buds and large intensely fragrant flowers of oriental rose that shades lighter towards the outer portion of the flower. Free grower producing long stemmed flowers throughout the season. Each \$1.50.

Miss Rowena Thom

Mrs. A. R. Barraclough. A rampant grower with buds and flowers of phenomenal size. The buds and flowers are similar to Souv. de Georges Pernet in form, and the color is a soft sparkling carmine pink, suffused with salmon and merging to yellow at the base of the petals. Fragrant. Each \$1.00.

Mrs. Erskine Pembroke Thom. A very free and vigorous growing pure deep yellow rose with long pointed buds and well shaped open flowers. Each \$1.00.

Mrs. Henry Bowles. A large firm bud of warm glowing pink, opening to big full flowers. Bush a large free branching and thorny grower. One of the best pink roses. Each \$1.00.

Mrs. Lovell Swisher. Excellently formed buds and flowers of deep coppery salmon shading to delicate salmon pink at the edges and golden ochre at the base of the petals. Strong grower and continuous bloomer. Each \$1.00.

Patience. An excellent rose of European origin. The buds are carmine lake overlaid with bronze and the open flower shows a deep orange base, merging to orange scarlet with a marbling of carmine lake. Long pointed buds and full well shaped flowers of a remarkable color. Fragrant. Each \$1.50.

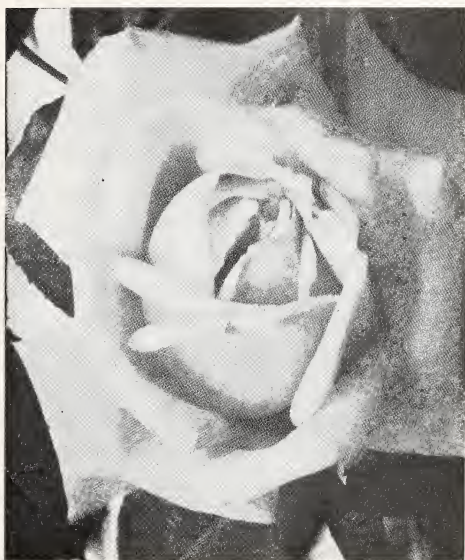

Lamarque. One of the finest white varieties in cultivation. A very profuse bloomer, fine in the bud, excellent as a cut flower.

Cl. L. C. Breslau. Identical with the bush variety. Flowers coral-red shaded with chrome-yellow. Vigorous grower and good bloomer.

Cl. Los Angeles. Identical with the bush variety; of strong climbing habit.

Cl. Mad. Abel Chatenay. Identical with the bush variety of strong climbing habit. Color rose pink, with recurving petals. Always in bloom.

Cl. Mad. Caroline Testout. Strong grower with the same silvery-pink color of the parent rose.

Cl. Maman Cochet Pink

Clg. Mme. Edouard Herriott. A climbing rose with the same coppery coloring of the bush form. The flowers are produced in profusion all during the summer and are just as bright in color and even better in shape than the bush.

Cl. Maman Cochet Pink. The individual buds and flowers are much larger than those of the dwarf bush form and are produced in far greater profusion. Very fragrant.

Paul's Scarlet Climber. Vivid scarlet, shaded crimson. Strong climbing habit and hardy.

Reve d'Or. Unique in shades of buff and apricot. One of the best climbers.

Clg. Rose Marie. A deep pink in tone, long pointed buds and full double petal-blooms. Growth is strong with thick foliage and very long stems. Exceedingly fragrant.

Tausendscheon. Color delicate pink, shaded rosy-carmine. Produces a great mass of flowers in spring.
